Available Campsites

Hop on down the bunny trail. Just like last year and the year before and the year before that, the new campsite stickers have slowly been put on campsite signs one by one. Only a few campsites are available, please pick up an available list in the office.

Campsites will continue to be audited throughout the season to make sure ALL structures on site are up-to-date and recorded in our database.

Campsite audits?

Yes, we audit each and every site to make sure all your structure are in our system. These audits take place a couple of times throughout the season. To make the auditing process easier please be sure to up date us in the office before we find out you've added a structure and didn't notify us.

Need the Lockbox combination for the gates?

Call the office, 570-682-1075, with your camp address.

The Andrew Gate is permanently CLOSED

Only Honda, Polaris West, & parts of Valley View

Selling a Structure?

Are you selling a structure? As you know, the rules still prohibit the sale of an actual site but not a structure. Our database has a special way to help members sell their structures when they decide to vacate a campsite or maybe even upgrade to a bigger structure. Just let the office know your asking price and it will print on the list of available campsites that we hand out to everyone seeking a site. (No personal information, just a member number so we can help them get in touch with you.)

So remember, in addition to posting a flyer at the office and making a post on the Facebook group page, you can tell us about any camper, shed or cabin that you hope to sell to another member. This will help get you matched up and facilitate their taking over your site or structure much easier and faster.

OFFICE CLOSED FOR

On Sunday, March 31st, the office will be CLOSED due to the Easter holiday—the trails will be open to members only. Because no one will be in the office, we will be unable to sign in or host guest riders on this day only. Please take this into consideration as you make plans for the holiday. The office will reopen on the 1st with normal business hours.

TIP OF THE DAY

Kool-Aids Add one packet of Kool-Aid to 2/3 cup of water and stir. That's it. I used both lukewarm and cold water and it didn't really make a difference with how our eggs turned out. Keep in mind that Kool-Aid powder is pretty messy, so you should do all of the mixing over your sink to prevent your counter tops from turning different colors the next time you wipe them off. (Not that this happened to me or anything.) To get a nice yellow, use one packet of Lemonade mixed with a quarter to half packet of Orange. To get light pink, use one packet of Pink Lemonade and add a little bit of Cherry or Strawberry. To turn Grape egg into an indigo color, add some Berry Blue to the mix.
