*Have we forgotten our manners?*

Momma used to say, "MANNERS always matter"... you signed the rules and took the quiz....**BUT** we have a lot of speeding through the campground....**AND** loud campsites...turn your music down....Noise complaints are abundant this year! No one expects you to be quiet as a mouse, but you should have some respect like **lowering voices and music during quiet hours 10pm-7am**...Voices and music carry in the still of night, so be respectful of this time. Our security should not get a call in the early morning hours to quiet you down. It's simple expected etiquette and we hope you'll start using it.

# TIP OF THE DAY

## Paintbrush Holder

Got that painting project that needs finished before Summers gone. Here's a tip to get you started. To minimize the mess of dripping paint, keep the brush somewhere contained. Attach a strong magnet to the inside of a clean metal paint pail. Keep your paintbrush in place with the

magnet, brush side down, when not in use.
