RCTR All Year Camping...advantage ✓

Camping at RCTR in all its glory, provides us the opportunity to explore and find pleasure in nature. For families here, camping offers quality time together, teaching opportunities and unstructured free time that is essential to a child's development and the freedom most adults do not have a daily basis. One of those freedoms and the coolest part of our campground is that you get to RIDE your machine from camp; to and from the trail heads.

Amazingly, the all season campsites at RCTR are becoming very scarce. In fact, as of this weekend, there are only 7 campsites left. Seven!! It's amazing to say it.

Having a "permanent" site to come back and forth to all year is a "home away from home." Once your comfortable in your site, there's no spending time loading, hooking up, hauling to a campground getting set-up and setting up, all of which are things that cut into the already limited amount of time you have when camping. Having the "home" gives you time explore the nearby towns and attractions, experiencing more because of your "permanancyishness (ishness?—yea—ishness)."

Another big advantage at RCTR is there's no "removal" season, your structure can remain on site during all seasons as long as your fees are paid in full. The campground is never closed (unless a state of emergency or pandemic is called). You can be here in the dead of winter if you like.

RCTR camping is both an escape and journey that is not only fun but also beneficial; it opens the door to escape cabin fever and helps you de-stress when the sun is shining and the great outdoors are begging to see you. For those who have been camping for years at Trailriders, having watched their families grow and change...this place is a memory they will never forget.

BONFIRE

The summer of 2020 has been hot, hot, hot...blazin' hot!

The combination of ninety degree temperatures, very little rain made for a very dry summer (we are thankful for the storms this weekend). I'm hopeful that we will be able to enjoy the bonfire in honor of the end summer and celebration of autumn's traditional bounty as we start to plan for the new school year and our upcoming much cooler riding season.

The BONFIRE is scheduled for August 22nd at 8pm in the Elena Parking Lot. All social distancing guidelines apply including bringing a mask if you are socializing with RCTR employees or members who are not from your campsite. Hegins Fire & Rescue has volunteered to ignite and extinguish the fire. The office will be collecting donations for them in honor of their time and services until the afternoon of the 22nd.

Need the Lockbox for the Gates?

Call the RCTR office at 570-682-1075 only certain camp roads are permitted to use the Honda gate

Is your Helmet strapped?
Are you roaming the campground roads or even the trails without your helmet strapped?
Be safe & please always make sure yours is!

THANK YOU.

TIP OF THE DAY

Life Hacks Do this for 21 days, you'll be surprised how good you feel.
 No candy
 No cakes
 No chips
 No white bread
 No fast food
 No chocolate
 No ice cream.

Life Hacks 
 If you ever have to clean up vomit (and hopefully you don't), put ground coffee on it first. It takes away the smell and dehydrates it. You can then sweep it up easily.

Life Hacks 
 Turn the shower to cold before you get out. It closes your pores and makes you less likely to get acne.

Summer Fill-In Puzzle

A fill-in puzzle is similar to a crossword puzzle, but instead of clues, you are given the words—to fill in the available spaces. The words are grouped by the amount of letters they contain. So a 9 letter word will need to be placed in a word box that holds 9 letters. Even though there could be multiple 9 letter words, they can't just be placed in any available spot. The challenge is choosing which word goes in which place, so that all the words will fit in the puzzle.

Timbering Update

Timbering on Trail 9 is still under operation.

Ride with caution near and on the turnpike area as the timber operators have been working over the weekend.
