Happy Mothers Day	3

HAPPY *Mother's* DAY

## Getting Through This

We have been struck. With many workplaces shut down, with restaurants and movie theaters, department stores and our beloved second “home” at RCTR (opening finally) closed, now that many of us spend the 24 hours of each day sequestered in the small caves of our homes, suddenly we find ourselves alone with our thoughts. (Excluded here are such people as the heroic workers in health care and in grocery stores, and parents with young children or elderly relatives needing constant attention.) At home, time and space have opened up in our minds.

Even for those who continue their professional life working online, schedules have become more flexible. Demands have retreated. Daily routines have been interrupted. We suddenly have unstructured, free-floating, beckoning time. This terrible disaster has freed us from the prison of our time-driven lives. At least for a few months, we have the chance to slow down. In the past, we’ve had little opportunity to do so, swept along by the rushing tide of prosperity and speed in the modern world.

But this does not exclude those in our small community of RC and all around the world who have lost friends, family, loved ones. The realization is that this could still be someone you know or even you who is stricken with this horrible pandemic. Freedom will be wonderful this weekend at camp. It will, we know, that little cave of yours will open to the wonderous land we call RCTR. But that does not mean we are FREE. Be mindful of others, be aware of your surroundings and just be understanding. This is not a time to have a party, this is a time to relax and enjoy the fact that you are alive and healthy and have this wonderful place to enjoy. Lets not lose that privilege by acting out and having it all go to the way side. Seeing our gates remain open is our goal.

Stay healthy my friends and thank you to all our wonderful members who have followed and understood this whole process was and still is not easy. Who knows what tomorrow will bring?  
Your kind words during this time mean more then you know! Thank you!

### TIP OF THE DAY

**ADD SAGE or ROSEMARY**  
to your campfire to help keep  
mosquitos and other bugs away:

TIP: wrap the herb in some aluminum foil...wet it...  
poke some holes in the foil...it will smoke all night.

Don't worry that children never listen to you; worry that they are always watching you. –Robert Fulghum  
The mother's heart is the child's schoolroom. –Henry Ward Beecher

To be in your children's memories tomorrow, you have to be in their lives today. –Barbara Johnson  
My mother was the most beautiful woman I ever saw. All I am I owe to my mother. I attribute all my success in life to the moral, intellectual, and physical education I received from her. –George Washington  
No one is poor who had a godly mother. –Abraham Lincoln

Mother's hold their children's hands for a short while, but their hearts forever.
