## RC Rules and Regulations

Rules and regulations are for the benefit of all members. The first benefit (in my book anyway) is that members get to work with happier, less-stressed staff and the second and most important is a more pleasant experience for all of you as members.

- ◇ *Signing In* is very important as it lets employees know the status for the day.
- ◇ *Following signage...*like KEEP OUT, DO NOT ENTER, KEEP OFF GRASS, RCTR Boundaries, MINE RECLAMATION, 5mph, and so many more. Our motto is "Working Land Where Riders Play.." It's very important to be mindful of all signage including trail markers, it could help you out of a "hairy" situation.
- ◇ *Activity on property, such as, timbering* ~notice the active timbering along Bear Valley Road just below Trail 3, as well as, the project wrapping up on Trail 1. Anywhere that there's equipment working or parked; be cautious and respectful.

The list above doesn't even make a dent when you actually sit down and read the rules and regulations form. If everyone takes the time to follow the rules and regulations, the team does better; thus, the company does better. Join us!

## NEW SEPTIC SERVICE

2019 marks a new septic service through Priority Portable Toilets & Services, LLC with lower rates and other payment options. Visit their page on Facebook by searching their full name and clicking **BOOK NOW** to sign up for service.

*Septic services are performed every Wednesday.*
