# Portapotty Guy

*Don't be alarmed if you come and your portapotty or camper hasn't been pumped. It has been impossible for the portapotty guy to drive around the campground due to the slick conditions and no four wheel drive on his pumping buggy.*

*If he does get around the campground at some point, he's suggested that everyone put either RV antifreeze or rock salt in their potties to keep that "yummy stuff" from freezing. This will ensure an easy pump out and no hassle on his part.*

## Campsite "grace period" Soon Ending

At the end of the month campsites that have not been renewed will become available to any other member. A \*fully complete 2018 membership application must be submitted with full payment. No phone payment can be accepted without this application, which can be mailed BUT NOT FAXED.

In addition to this quick reminder, we'd always like to remind everyone that after about the 2nd week of March we'll have a much better list of available campsites. The first week of March is usually a little cloudy with what's available being in the transition period. Please give the office enough time to catch up and we'll certainly do our best help with any questions or concerns.

**\*ANY CAMPSITE NOT PAID IN FULL (INCLUDING STRUCTURE FEES) WILL NOT HAVE A STICKER PLACED ON THEIR SITE ADDRESS SIGN.**
