Waste Disposal Stipulation

As expected, the new septic service fee came as shocker to all. Members, as well as, RC were spoiled for many many years with a very low rate. The office expected this to be short lived and tried our hardest to negotiate as low of a rate as we could get. You are not alone, we also looked for other sources that would offer portapotties and pumping.

I must continue by thanking our members for trying to find a lower cost service, we must further make it very clear that Rausch Creek is under contract with Walters Services who has signed on as the exclusive waste disposal company of Rausch Creek for all of 2018. Respectfully, please do not bring any other services on property.

If you would like to discuss this further, please feel free to contact the office.

TIP OF THE DAY

Tips to go green on St. Patrick's Day
Nope, we don't mean eco-friendly. This St. Patrick's Day, go green—literally—with these fun tips:

Mix it up. Stir together Lucky Charms® and Chex® cereals for a Pot O' Gold Snack Mix. Ready start-to-finish in just 15 minutes.

Get your greens. Make a green veggie snack tray with all-green fruits and veggies, like green bell pepper slices, celery sticks, zucchini rounds, and green apple and pear slices. Add a dip—sweet or savory—whichever you're in the mood for.

Turn up the heat. Instead of hot cocoa, try warm milk steamers with Irish Cream-flavored syrup (from a coffee shop or the coffee aisle at the market). Tint the milk or whipped cream with green food coloring.

Sweeten it up. Make green milk shakes with mint ice cream. It's so simple.

Pass the (green) bread. Add a drop of green food coloring to softened butter and serve it with warm breadsticks.

Play with your food. Doodle on your Toaster Strudel® pastries with green icing. (Just add a drop of green food coloring.)

Get the luck o' the Irish. Add a couple drops of green food coloring to milk to pour over a St. Patrick's Day Lucky Charms® cereal breakfast.

Are you thinking...is that campsite abandoned?

Answer A: Risking loss of my membership and maybe even criminal prosecution for theft, I'll just go by last year's campsite sticker color and start stealing stuff when nobody's looking.

Or Answer B: Only a Rausch Creek *manager* can tell me what's truly abandoned.

THE ANSWER ISSS B! *Remember that little pop quiz you passed...

DO NOT go scrounging until you get confirmation that that particular site you've been eyeing up is available or the items on the site are up for grabs.

The Available Campsite List has been printed. If you're looking for a good site now's the time to grab a list.
