

Firewood Restrictions

No out of state wood permitted, only local wood. Even if you are not within a quarantine area using local firewood is best. Do not take wood home with you.

Spotted Lanternfly

05/01/2018

SPOTTED LANTERNFLY—The Spotted Lanternfly, *Lycorma delicatula* (White), an invasive planthopper, was first discovered in Berks County, Pennsylvania. It is native to China, India, Vietnam, and introduced to Korea where it has become a major pest. This insect has the potential to greatly impact the grape, hops and logging industries. Early detection is vital for the protection of Pennsylvania businesses and agriculture.

QUARANTINE—Currently a quarantine is in place to stop the movement of this pest to new areas and to slow its spread within the quarantine. The quarantine affects a variety of plant, wood and stone products. Surveys are currently underway to determine the complete spread of this pest in Southeastern Pennsylvania. Efforts are also underway to ensure the Spotted Lanternfly is not present in other parts of the commonwealth.

The following counties are currently under quarantine for Spotted Lanternfly: Berks, Bucks, Carbon, Chester, Delaware, Lancaster, Lebanon, Lehigh, Monroe, Montgomery Northampton, Philadelphia, **Schuylkill**

Intentional movement of the Spotted Lanternfly is expressly prohibited and is a serious offense. Violations could result in criminal or civil penalties and/or fines.

The quarantine restricts the movement of certain articles. Industries and regulated articles under the quarantine that are not to be removed/moved to a new area are:

- Any living stage of the Spotted Lanternfly, *Lycorma delicatula*. This includes egg masses, nymphs, and adults.
- Brush, debris, bark, or yard waste
- Landscaping, remodeling or construction waste
- Logs, stumps, or any tree parts
- Firewood of any species
- Grapevines for decorative purposes
- Nursery stock
- Crated materials

Outdoor household articles including recreational vehicles, lawn tractors and mowers, mower decks, grills, grill and furniture covers, tarps, mobile homes, tile, stone, deck boards.

Tip of the Day!

Summer Snackin'

School's out, and with time on their hands, your children might be reaching for a snack more often. Instead of cookies, candy, chips, or cola, treat them to summer snacks that are actually good for them.

- Put out bowls of cut-up fruit and let kids make their own fruit kabobs.
- Pack small clusters of grapes into plastic bags, and keep them in the refrigerator for a quick, cool snack.
- Make a smoothie with yogurt, a banana, additional fruit, and a little milk.
- Toss together a trail mix with granola, raisins, nuts, sunflower seeds and mini chocolate chips.
- Spread peanut butter or honey on apple slices

Congratulate Trey Spina for winning the GRAND PRIZE, a Free 2019 Membership.

Hope to see you all again next year!

Fun For All

HAPPY 4TH OF JULY!

Is there anything better than a campfire and a s'more? Maybe sitting around a candlelit outdoor table with family and friends watching the kids catch fireflies on the Fourth of July. Being born in Florida and living there for a few years of my life, I'm most at home when temperatures start to rise come July. It is the time of year when it's hard to imagine wearing anything but flip-flops, when a whole day at the beach, bodysurfing and collecting shells, feels like a birthright. But there's none of that "beach going" here at RCTR, I have no problem settling for the fossils and coal dirt...another birthright in my eyes...not a bad transition.

Please join us in celebrating the freedom our red, white, and blue brings us the month by joining the fun during our upcoming RCTR event or group ride.

As you will see below, on July 7th, we'll be hosting our annual Member Appreciation Luncheon from 11pm-1pm.

July 21st is our very enthusiastic "Christmas" in July group ride. Just a low key normal ride with presents from Santa.

So get outside, start exploring, and get inspired. Can't wait to hear how you make this your best summer ever at RCTR.
