Gratitude is the Best Attitude

An **attitude** of **gratitude**. This is not only a great rhyme, but a great way to live life. You should always be grateful for the things you have. Thankful for the things, big and small that fill your life and make it special. The occasion of Thanksgiving gives us the opportunity to be thankful for what we have but being grateful shouldn't be limited to the fourth Thursday in November.

It is human nature to complain and be envious of others, but we live in the richest country in the world, having the freedom to do what we want to do.

While driving to work in the morning, be grateful for the job you have, there are those who don't have a job and can't work. Enjoy the journey to your destination. Be grateful for the people who know you and love you, even on those days when you're not so lovable. Be grateful you are alive and well.

Where am I going with this, you ask? You could say it's just a remember to keep the faith to the ones that are struggling, miracles do happen. Feel

love and gratitude in your hearts and the rest will follow. Gratitude is for sure the best attitude.

Every year, we are so very grateful to all our members. Wishing you all the best of the holiday.

Thanks to all for being friends and customers.

Turkey Feast 2018

Speaking of being grateful...a grateful Turkey Feast was had under the pavilion on Saturday. If you didn't make it to last weekends festivities you missed out on some great turkey, delicious sides dishes and who could forget the desserts!!

A total of \$350 was raised for the local food bank throughout 2018. BIKES have finally got bragging rights for donating the most towards the drive.

The food bank sends a big THANK YOU!!

"Gratitude can transform common days into thanksgivings, turn routine jobs into joy, and change ordinary opportunities into blessings." William Arthur Ward
