

QUICK NOTES

- ⇒ Due to the holiday weekend, we will be extending quiet hours an extra hour to 11pm-7am for Memorial Day weekend only. Please be courteous to your neighbors during these hours.
- ⇒ Do you need propane set up? • How about stone for your campsite or sitework? • Or maybe a shed is being delivered? These items are only permitted to be delivered during the week when there's less activity in the campground. If you place an order with a supplier, please let the office know in advance.
- ⇒ Reminding members that we do not allow metal, rubbermaid or even tarp sheds in the campground. Sheds of this type are not safe and become trash at the end of their time. Trash that Trailriders usually has to take care of and does not want in the campground. If these "sheds" appear, you will be asked to take them down.

Always contact the office if you plan to bring a structure in or do site work. It's no fun to start a project and get halted in the middle of it because you didn't take the time to ask if it's permitted.

Weather FORECAST

Fri Rain & Shine
 76° F | 64° F
Sat Sunny HOT
 91° F | 68° F
Sun Chance of T-Storms
 87° F | 54° F

NEED THE LOCKBOX COMBINATION FOR THE GATES?

CALL THE OFFICE AT
 570.682.1075

THE ANDREW GATE HAS BEEN CLOSED.

Campground Trees

Help protect the campground trees.

Do not hang gas lanterns on trees, cut any standing trees, or remove their limbs. If you are in anyway tempted to remove a tree please come

to the office to get permission.

“The RCTR office is a bunch of Tree Huggers”...yup we know!

◆ ALL GUESTS

*Riding or not everyone must be signed in upon arrival! The guest waiver is on the outside of the office wall 24/7.

*This does not exclude members. Members must sign in every visit.

Tip of the Day! Local To Do's

With all the is rain...do they make Mini Rain Gutters for your RV? I don't know but I did find a tip on how to make your own. Use J-Channel to create miniature rain gutters on the sides of your RV. This material is normally placed around residential windows during vinyl siding installation, can be obtained at large hardware stores. To modify the j-channel, use tin snips to remove the strip with nail holes. Next remove the factory-installed flexible plastic trim that run across the top edges of each side of my RV. Install the j-channel with screws approximately every 6 inches. Block off the opening of these channels to whichever direction you need the water runoff to go. To prevent possible water leaks into the roof structure of the RV, use silicone sealant to seal all exposed screw heads.

Every Friday afternoon and evening, Crossroads Farmer's Market, Route 25 between Gratz & Ber-rysburg

Sky-Vu Drive-In Theatre in Gratz OPEN

10/28 Fall Foliage Ride
11/18 Turkey Ride & Feast

SAFETY FIRST!

To keep it safe and fun for all, keep these simple things in mind:

Slow Down - Speed Limit is 5 mph in the campground ~If you

don't know this already, you need to retake the quiz. :)

Stop and Check-In if you don't sign-in at the Gate.

Wear your helmet and keep it strapped. Too many members are being caught without their helmets strapped. FOR YOUR OWN SAFETY please make sure yours is.

Take your cell phone with you when you ride.

You may need to use it to get help for someone else.

Head back at least 30 minutes before dark.

Don't ride down the Township Road (unless you have an emergency). There are trail crossings, please use them.

STOP, LOOK, & LISTEN at all road crossings.

If you see someone stopped along the side of the trail, just take a quick check to make sure they're ok. We're all friends here, right?

Enjoy your travels and remember safety first always!!!
