## Fly By July

I can't predict it just yet, but I believe this July is going to fly by before we know it. So take advantage now that summer is officially here. \*Start happy dancing\* Time to officially break out the sun-screen, bathing suits, hotdogs, and margarita mix. What are some SUMMER ONLY activities you can think of? Fireworks are a summer only event for most people, even more, it's usually a July 4th only event. Although, Rausch Creek does not permit fireworks on property, there are opportunities to enjoy the explosions elsewhere. Shows have already begun at local Carnivals and there's definitely more to come especially for this week.

### ♦ ALL GUESTS

\*Riding or not, every guest must be signed in upon arrival! The guest waiver sheet is on the outside of the office wall 24/7.

\*This does not exclude members. Members must sign in every visit as well

**THANK YOU!**

### TIP OF THE DAY!

When disaster strikes and your cell phone ends up soaked with liquid, don't panic. If you act quickly, your phone won't need replacing. With just a bowl of uncooked rice, your phone can be up and running within 24 hours.

The rice pulls the moisture out of your phone and dries the water-logged interior areas of your cell phone.

1. Turn off your cell phone.
2. Place phone into a bowl or baggie with enough rice to cover it.
3. Wait 24 hours. Replace the batter and turn on.

## THINK Slow-down Relaxing Thoughts First

Per Forbes.com

Neither [sky-high fares](#) nor [\\$5-a-gallon gasoline prices](#) will keep Americans from getting away for July Fourth, according to the American Automobile Association (AAA). The auto club is predicting that 47.9 million people will travel over the holiday weekend, including a record 42 million road trippers. That's slightly more than the 41.4 million Americans who traveled by car over Independence Day weekend in 2019. Escaping a city? Expect high levels of congestion on the afternoons on Thursday, June 30 and Friday, July 1 as commuters leave work early and mix with holiday travelers. Drivers in major U.S. metros could experience double the travel times compared to a normal trip, says AAA. Avoid all that city non-sense and relax/slow down at RCTR. To keep

it fun for all, have these simple things in mind:

- Slow Down
- Speed Limit is 5 mph
- Stop and Check-In if you don't sign-in at the Gate. Also don't forget to sign in all your guests even if they're not riding. There's a clipboard on the wall 24/7.
- Wear your helmet and keep it strapped.
- Take your cell phone with you when you ride. You may need to use it to get help for someone else.
- Head back at least 30 minutes before dark.
- Don't ride down the Township Road (unless you have an emergency).
- There are trail crossings, please use them.
- If you see someone stopped along the side of the trail, just take a quick check to make sure they're ok. \*\*But most of all, en-
