## Hippity Hoppity Easters on it's Way

Sunday, April 17th, the office will be closed due to the Easter holiday—the trails will be open to members only. Because no one will be in the office, we will be unable to sign in or host guest riders on this day only. The office will reopen on the 18th with normal business hours.

*Have a Happy Easter!*

The Easter Group Ride will take place on **SATURDAY, April 16th.** Join in the fun at 10:30am.

The weekend following Easter is our annual scheduled Adopt-a-Highway Spring Cleanup on 4/23. Get ready for some cleaning and a full belly from the Pig Roast. Hope to see you there!

Is your Helmet strapped?  
Are you roaming the campground roads or even the trails without your helmet strapped? Be safe & please always make sure yours is!

THANK YOU.

## DUMPSTER USAGE

The rules pertaining to what you can toss in your trash can are the same guidelines to follow when using Rausch Creek dumpsters. These rules are in place for environmental reasons as well as local and state regulations related to waste disposal. Our waste management service does not want to climb in our dumpsters every week to find something not within the guidelines.

We also request a 2 trash bag limit per campsite. Some have taken full advantage causing an avalanche of trash. Please be courteous of neighbor campsites and stick to the bag limit so everyone can leave their trash here instead of taking it home.

### GUIDELINES

- 2 bag limit per campsite
- No Tires
- No HazMat Waste
- NO Appliances with Freon
- NO Electronics

# TIP OF THE DAY

Yes, spring fever is a real phenomenon. When the outdoor temperature rises, your blood vessels expand. As a result, blood can be carried to the body surface where heat can be lost quickly, giving some people an energetic "spring" in their step.

Spring officially ends on the 21st of June making way for a long, lazy summer.

## LOCAL TO DO'S

# Welcome back Friends

April showers...bring May flowers **AND** riders plus their guests. If you haven't been here for awhile, don't forget to...

- 🌀 **Strap Your Helmet** - Riders are al-ways seen on camp roads and on the trails with the straps to their helmet hanging undone. If something would happen that you were thrown from your machine, the strap is what keeps the helmet on your head! Don't be fooled by thinking you're ok to wear your helmet unstrapped in the parking lot because there have been accidents on camp roads and while loading and unloading machines in the parking lots too. STRAP IT TIGHT!!
- 🌀 **Sign In & Print Neatly Too**—Sign in upon arrival including and especially non riders/campsite guests or guest riders. There are two different clipboards **ALWAYS** hanging on the outside wall of the office, **24 hours a day**. Please print neatly so that we know who you are!
- 🌀 **Go Over Your Machine**—put fresh gas and new spark plug in your machine and just to be on the safe side check your battery. You don't want to be broken down out in the trails on your first adventure of the year.
- 🌀 **Don't Forget to Bring that Cell Phone** & program our # in it (570-682-1075) just in case there's an emergency.

*As always take it easy on your first ride & most of all have fun out there!!*
