- *Saturday, November 25, 2023 ~Deer-Buck
- *Saturday, December 9, 2023 ~Deer-Buck

ACTIVE MINING ZONE = KEEP OUT

Our slogan, "Working Land, Where Riders Play..." is very true. There's lots of evidence of "working land" strewn about the property from mining to farming plots and much more. Staying up to date with the ever changing land activities is important.

We've seen tire tracks around the mining zone = members not paying attention to signage.

The active mining zone near the railroad tracks is ACTIVE in every way.

Signage is posted adequately. Anyone caught riding in the area will face member suspension.

Office Hours Change to Winter Hours

Open 7-days a week!
~CURRENT Winter HOURS~

Mon-Thurs. 9am-3:30pm
Friday-Sunday 8am-4pm

TIP OF THE DAY

One of the number one contributors to mold and mildew build up in your RV is due to long-term storage. As you would at home it's always good to air it out every now and again. After all nobody likes stuffy rooms! Follow these three steps to avoid mold and mildew build-up in your RV; Inspection Look for mold in moist places such as sinks, showers, toilets, vents, storage compartments etc. Be sure to inspect all around the edging. Be sure to fix or repair all leaks, damaged caulking and molding and any other item you inspected that showed early signs of mold. You can exterminate and treat mold with mold & mildew cleaners. Purchase your preferred brand retail or make your own. Some home remedies that have proven successful are; tea tree oil diluted in water, borax and water etc.
