KEEP OFF TRACKS

Stay 30ft clear of RR at all times.
No trespassing on rail tracks. Penalty by law.

BEWARE: The railroad police have been on the prowl. They've brought concern of the berm that has built up on the tracks in good spring and will be issuing a fine to anyone caught riding near the tracks. The law implies that we must stay 30 ft clear of the railroad tracks at all times; only crossing the tracks at the designated railroad crossing areas. Please pay attention to signs to avoid the fine. There are signs posted all over the area!! The fine will be on you for not following the proper trail route.

TIP OF THE DAY

LEAVES ARE FALLING The falling leaves can present an unassuming hazard. Many people venture out to see the fall colors, presenting a couple of hazards. Be sure to keep your distance from other riders. Also, as the leaves begin to accumulate on the trail, they can be very slick. Whether wet or dry, driving through stacks of leaves can reduce traction making it difficult to stop. A simple reduction of speed and awareness can make all the difference
